Bobbi Jo Wright to Speak at Zamora Paper Sale Kickoff

There is not a Shriner that has not seen the famous "Editorial Without Words." This image graces most Shrine clothing as well as statues placed outside most Shrine Centers. The image comes from a picture taken by photographer Randy Dieter in 1970. Dieter had been on assignment covering an annual outing at Hadi Temple in Evansville, Indiana.

The event was for handicapped children at a local amusement park. The photographer was taking pictures using a telephoto lens when he observed a Shriner, Al Hortman, who passed away in 2009, carrying a little girl in one arm and her crutches in the other. By the time he was able to get the couple in focus, they had passed him, and he was forced to take the shot from the back.

The little girl in the photograph is named Bobbi Jo Wright. Wright was born with cerebral palsy, which resulted in many orthopedic problems that made her have difficulty walking. She has stated that she has many wonderful memories of the years she was a patient at the St. Louis Shriners Hospital. She recalls all of the fun activities while there.

Zamora Shrine is fortunate to have Bobbi Jo Wright to speak at the annual Paper Sale Kickoff. The event will be July 8 with a meal to be served at 6, and Ms. Wright will speak at 7. You will want to make plans now to be in attendance for this unique opportunity.

From the desk of the Potentate

Hail Companions,

After only three months, it looks like Zamora is slowly coming back to life. I sincerely hope you and your family are well and have survived the COVID-19 lockdowns. This is our first paper since the mandated isolation has taken place because I decided that it would make better financial sense to stop production of your Zamora News until we were able to open our doors once again. It seems like I haven't been able to see our Nobility for years instead of a matter of months. I can honestly say I am looking forward to talking to each of you in the very near future.

Since our last paper, there has been very little going on at your Temple. We have saved a great deal of money by not paying as much for our utilities, but we still have bills coming in and have worked limited hours in the office to write checks and answer calls. This has been a difficult process because we haven't had rentals since early March. That being said, I'm sure you all can see the importance of our Sportsman's Giveaway. We need to make this the most successful event ever, and I am asking each of you to do all you can to sell tickets and get them turned in to the office. The date for our 2020 Sportsman's Giveaway is August 22.

I am also excited to announce that we have rescheduled our annual Paper Sale Kick off for July 8. We will eat at 6 and meet at 7. Our guest speaker will be none other than Bobbi Jo Wright. You may know Ms. Wright is the little girl in the famous Shrine picture, "Editorial Without Words." I know you all will want to be at your Shrine Temple to hear this advocate for the Shrine share her story.

We are also planning our Kids Day at the Temple for July 25. If you or your unit would like to help with this project, please contact your Second Ceremonial Master Travis Vaughn or Captain of the Guard Paul Rogers to see what help is needed. I know they would appreciate any help or support they can get.

We had to cancel a stated meeting due to the coronavirus back in April. We received communication from Tampa stating that we don't have to make that meeting up. So that is a good thing! We will be having a stated meeting on July 29 at the usual Shrine times (eat at 6 and meet at 7). I would encourage you all to make plans now to attend. We have candidates to vote on, several other items to discuss, and most importantly a report from our Treasurer, Illustrious Sir Tom Gaskins, P.P.

Kirk "Moose" Pearson and the First Moose

and real estate chairman.

Finally, we have not been able to have rentals for most of the year, and this has hurt us. However, our summer is filling up with rentals. The only day available for a ceremonial is August 15. Keep this day in your mind. We are going to kick it up and have an amazing time. I have asked several motorized units to display their skills and show our candidates why Zamora always walks away with awards at our associational meetings. We are planning a party for that evening to help all of us get back into "Shrining" and remember how much fun we can have together.

In closing, I would like sincerely thank each one of you for being a Zamora Shriner, and I look forward to seeing you soon at our temple.

Branding Update Information Shriners Hospitals for Children to Be Known as Shriners Children's

Dear Nobles,

Our great Fraternity has seen many changes in our nearly 150-year history, from world wars to the rise of industry and technology. Our great Philanthropy, Shriners Hospitals for Children® finds itself in today's ever-changing landscape of health care. True to our aim of serving more kids in more places, last year we saw more children than ever before, but the majority did not receive in-patient care. As a result of the changing care patterns in pediatric health care, five of our facilities no longer offer inpatient services, although the care they provide is still transformative in the lives of these children and their families. We anticipate even more joining that number in the near future. As a result, many states' regulatory bodies will no longer allow us to use our corporate name, Shriners Hospitals for Children, to describe the care we provide in an outpatient setting.

Shriners Hospitals for Children has traditionally had a very strong "master brand" strategy with all of our facilities holding the same name. Recent evolutions in health care have changed that. Our five outpatient facilities each have different names such as Shriners for Children Medical Center™ — Pasadena, or The Erie Shriners Medical Center. The goal of any brand is to create consistency to increase brand equity. The recent announcement of our new brand, Shriners Children's™, is a step toward unifying all of our locations, regardless of the means of providing care, under one brand. This is not a name change, but a change in our brand strategy to meet the constantly evolving world of health care.

From a fraternal perspective, the branding is going from four words to two words, and the branding simply focuses on who is providing care and who is being served. For nearly 100 years, our mission has been to work consistently to build a health care brand synonymous with outstanding medical expertise and the most amazing care anywhere. Due to this reputation, we are able to shorten our brand, something consumers prefer in today's digital age.

There has also been some concern raised over how the name will function with its possessive ending. The brand will be used as a master brand with a more specific label following. For example one of our research initiatives in Genomics, could become Shriners Children's Genomic Institute. This branding convention is heavily utilized within pediatric healthcare, and well known to consumers as it is currently used by the majority of top pediatric brands.

We all take a great deal of pride in the world's greatest philanthropy that bears our name, and that, will never change. Shriners have helped provide life changing medical treatment to more than 1.4 million children, regardless of the family's ability to pay. We all want to see even more children served than ever before. We believe this new brand will help guide us into a future that promises more opportunities to change even more lives.

Yours in the faith,

Attention Shriners Van Drivers to Cincinnati Shriners Hospitals

Dear Shriener Volunteer or Driver:

In response to the coronavirus (COVID-19) outbreak, Shriners Hospitals for Children—Cincinnati has implemented measures to prevent the spread of illness in our facility. We know families are reaching out for help with transportation, and we want you to have the information to make an informed decision. Federal & state guidelines continue to recommend that individuals over the age of 65 - and persons of all ages with serious underlying health conditions remain home as much as possible. Please make sure all your drivers and riders are notified.

In March, the State of Ohio required all hospitals to cease all non-urgent clinic appointments and surgical procedures. These restrictions have been lifted and Ohio hospitals are permitted to resume all medical care. In alignment with our regional hospitals, we continue to restrict outside visitors and have not resumed volunteer services. Roadrunners/temple drivers/riders, arriving with patients, are permitted in the

building, but restricted to the lounge and cafeteria only. Social distancing (6 feet) must be maintained in all areas.

Cincinnati Shriners Hospital is fully open to perform elective surgeries and clinic visits. There are new hospital-specific guidelines that we ask everyone to follow so families and drivers remain safe and healthy.

At this time, only one parent/guardian per patient is permitted to enter the hospital. Upon arrival, each person entering our facility will be screened for fever and symptoms of COVID-19. Masks are required to be worn in the facility at all times, for anyone over the age of 2. Masks are available at the entry screening for those who do not have masks on arrival.

For your safety, and to minimize exposure to persons outside your home, our patient travel recommendations are listed below:

1. Self-transport—Families drive to the hospital in their own vehicle, and receive reimbursement for their expenses. This is the preferred method of patient transportation.

2. Temple transport—If self-

transport is impossible, temples may drive families, minimizing stops that require public contact. Prior to departure, drivers and riders should self-screen for COVID-19 symptoms using their state's guidelines, and wear masks for the entire trip; families should do the same.

3. Air travel—Airline transport is the least favorable form of transportation, due to close proximity to others for extended periods. For the time being, please choose only as a last resort.

If you or your drivers have questions or concerns, we ask that you call and ask to speak with our Family Care Management Department: 855-206-2096.

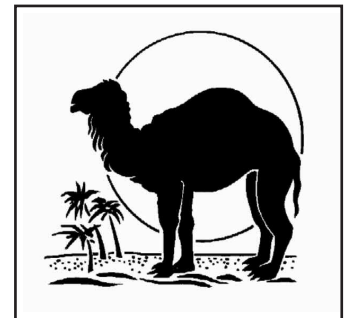

We recognize the time and effort involved in coordinating visits, and know that you want what is in the best interest of "our kids." We will continue to monitor the situation and keep you updated as rules change.

Sincerely,
Kathy Zaeske MSN, RN

Aromaz Fundraiser! Let the Masking Begin!

By Paula Mangum,
Princess Royal

Aromaz Dynasty Temple No. 163

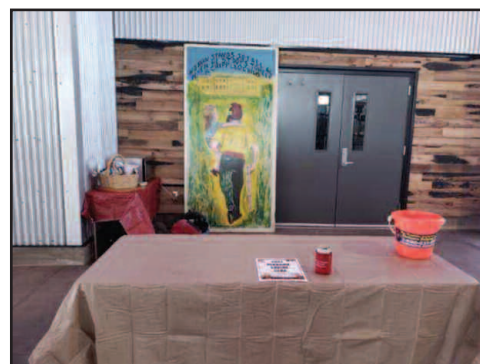

As businesses begin to re-open and people venture out into the 'new normal' we are finding that in many places mask wearing is suggested and in some places even mandatory. While this need is huge, we have found a way to help meet the need to keep our friends, family, even those we may not know safe. We have created the Corona Kit. The Corona kit comes with a mask, a neck band (it helps save the ears) and a door opener. The door opener is also handy for pushing buttons on key-pads and those many things that we have to touch while we are out and about doing our shopping and other necessary things.

As much as we would love to accommodate

requests for certain kinds of masks, that is not always feasible. Our mask maker is using what they have on hand to make this fundraiser much more profitable for our temple.

The Corona kits – pictured below are selling for \$20. There are basically three categories: Solid color, geometric designs (anything not solid or floral) and florals.

If you are interested in getting some of these to sell, or even getting one yourself, please text or call me Paula Mangum (2053067144) or Queen Beverly Burkett (2052299808). You can also email me: mangumpc@hotmail.com or Beverly: bbbamagirl@gmail.com .

Shriners compete in Wild Game Cook Off

Chad Houze writes, "On Feb 29th 3 members of Zamora (Jamie Green, Chris Key & Chad Houze) and wives competed in The Alabama Wildlife Federation Wild Game Cook Off at The Talladega Speedway as team East Alabama Shrine Club. We entered all three categories. Fish (Thai catfish soup), Fowl (Duck Pho) and Game (Venison lettuce wraps) and also had a large pot of venison chili to help feed the crowd in attendance. There were 45 teams competing, and unfortunately our entries did not place but we enjoyed the competition and fellowship while promoting Zamora."

Please Support This Year's Paper Sale

Greetings,

The members of Zamora Shrine are proud of their efforts to help children at Shriners Hospitals for Children, and we are asking for your help with our Paper Sale.

As you may know, all funds donated to the Paper Sale go directly toward activities that benefit Shriners Hospitals for Children, such as research, treatment, and transportation for patients.

The 22 locations of Shriners Hospitals, located throughout the United States, Canada, and Mexico, provide treatment for children suffering from a variety of debilitating medical issues, including spina bifida, loss of limbs, spinal cord injuries, cleft lip or palate, and burns. Our hospitals provide life-changing treatment to children – without regard to economic background or the family's ability to pay.

Your contribution, whether small or large, makes a significant difference in helping our brave kids receive world-class, specialized treatment from some of the best physicians, nurses, and specialists in their fields.

You have been mailed the 2020 Paper Sale contribution form or can request one from the Temple. If you have contributed to the Paper Sale before, I thank you on behalf of all of us at Zamora Shriners and ask you to continue to support us by renewing your Paper Sale plaque for \$100. If you are a first-time contributor, we ask you to purchase a Paper Sale plaque for \$125. You can display this handsome plaque in your home or office and show your support for Shriners Hospitals for Children. A smaller or larger donation will also be much appreciated, of course.

With your help, we can give hope to children and assist them in achieving their fullest potential as they live happy lives without being held back by their conditions.

On behalf of the Nobles of Zamora Shrine, I thank you in advance for your contribution to the 2020 Paper Sale.

You are also invited to our kickoff event for the 2020 Paper Sale, which will be held at Zamora Shrine Center on **Wed., July 8**. We will eat at 6:00 p.m. and then meet at 7:00 p.m.

Sincerely,
